Dear Congressman Boehlert: U

We are writing in response to a letter received by the NEA Fund For Children and Public

Education (the NEA Fund) on May 15, 2003, from the Federal Election Commission (FEC). L

The FEC's letter notifies the NEA Fund that its October 10, 2002 contribution of \$3,000.00 T

for your primary campaign debt appears to be in violation of the contribution limits of the T

Federal Election Campaign Act of 1971, as amended, (the Act) because your primary campaign L

did not have a debt at the time that the contribution was made. In order for the NEA Fund T

to comply with the Act, we must request that your committee either: 1) provide the NEA Fund T

with documentation that demonstrates that the committee had a debt for the primary as of C

October 10, 2002; or 2) refund the \$3000 contribution made by the NEA Fund for your primary L

debt. \_
